Conditions of the course:

- Price of the course is completely 1.700,- Eur, which represents 1.318,- hours. You will be given a receipt for this payment which you can include to the costs of your newly grounded (or existing) firm
- We do not charge any other supplementary charges, in the case of visits to other firms (tile stove masonry fairs, cooperation and trips to other firms) only main costs for the transportation or others, will be charged to you. Obviously, you do not have to take part on such enterprises, but they are very interesting for your branch.
- You can start with the course on agreement in various days, for example if one is working in some place, he can take part even from Fridays to Sundays or on agreement also at other times.
- Originality of our course consists also in the fact, that we are able to train every interested person also individually we do not organize any mass tours. The interested person can also extend the training hours for longer time period according to his own needs.
- During the time of the course in Veľké Rovné we can also provide accommodation, upon agreement free of charge.

During the time of the course outside the place of residence, we can provide accommodation, upon agreement free of charge.

Conclusion: Our course gains on popularity not only with the interested persons, but we are visited also by the tours from all over Slovakia, and everybody is interested in how we train this beautiful handicraft. Above that many interested persons also from the Czech Republic and other countries visit us to take training courses, even if they might encounter some problems with our Slovak certificates not being valid for the Trade Licensing Offices in the Czech Republic. They come to us just in order to be able to learn this handicraft
